### **ACF (APC) SYLLABUS AMENDMENTS TO SHOOTING SCORES**

Reference:

A. AC 71101 - ACF Army Proficiency (APC) Syllabus.

1. Notification was given, some years ago, that the badges and the scores for shooting classifications in the APC Syllabus had changed. In particular, the 2<sup>nd</sup> Class classification ceased to exist and the badges changed to reflect this.
2. The new badge system is attached at Annex A as a reminder.
3. The scores required for classification are currently being reviewed by the ACFA Shooting Committee but the scores currently required for each classification are summarised at Annex B. Please amend Reference A in accordance with this Annex, deleting all reference to 2<sup>nd</sup> Class classification.

## SHOOTING BADGES

1. The badges below were authorised by the ACF Training Committee.
2. They replaced a plethora of red and brown badges, which were awarded for the various weapons and standards of shooting. The red badges were already in use - the flashes are new.
3. The badges are worn with the appropriate flash designating the weapon at which the standard has been achieved. A cadet may only wear one badge i.e. "Marksman", "First Class" or "Pass" together with the appropriate weapon flash or flashes. We would expect a cadet to wear the highest classification that they have achieved (whichever the weapon) and then add other flashes as they qualify to the same level. The ultimate would be a Marksmanship badge with all the flashes.

4. There is no "Second Class" qualification.
5. These badges also apply to the CCF.

**ACF (APC) SYLLABUS - SHOOTING CLASSIFICATION SCORES**

Note: These are currently under review by the ACFA Shooting Committee

**BASIC**

**TEST WITH THE AIR RIFLE & .22 RIFLE**

|                        |      |    |
|------------------------|------|----|
| Highest possible score |      | 50 |
| Classification         | Pass | 25 |
